- Estimated uncertainty relating to COVID-19 outbreak**
The Management has made an assessment of the impact of COVID-19 on the Group's operations, financial performance and position as at and for the quarter ended December 31, 2020 and has concluded that the impact is primarily on the operational aspects of the business. In assessing the recoverability of receivables including receivables, investments, and other assets, the Group has considered internal and external information up to the date of approval of these financial results including status of existing and future customer orders, cash flow forecasts, commitments with suppliers, etc. The Group has performed sensitivity analysis on the assumptions used and based on current indicators of future economic conditions, the Group expects to gradually recover the carrying amount of these assets, the Group has also considered the impact of subsequent events in its assessment and concluded that there is no significant impact which is required to be recognised in the financial results. Accordingly, no further adjustments have been made to the financial results. Considering the dynamic nature of the issue, the impact of the global health pandemic may be different from that estimated as at the date of approval of these financial results and the Group will continue to closely monitor any material changes to future economic conditions.
- The Indian Parliament has approved the Code on Social Security 2020 which subsumes the Provident Fund and the Gratuity Act and rules thereunder. The Ministry of Labour and Employment has also released draft rules thereunder on November 13, 2020 and has invited suggestions from stakeholders which are under active consideration by the Ministry. The Group will evaluate the rules, assess the impact if any, and account for the same once the rules are notified and becomes effective.
